

**Community Service Documentation Form
2020-2021**

DUE Jan 15, 2021

Nomination for Whitewater Career Center's National Technical Honor Society Chapter requires completion of at least 6 hours of community service activities during the current school year. Please list the project and hours completed on this page. Be sure to have the project supervisor sign and date the form. Community Service is defined as volunteering to help others through a school or community project. Because of COVID-19 restrictions, volunteering in 2020-21 may involve performing the service within normal school hours through a teacher-sponsored or school-wide community service project. Volunteering outside of normal school hours is still an option when available and with documentation.
