

HEALTH SCIENCE

WHITEWATER CAREER CENTER

PROGRAM OVERVIEW

Health Science students study topics such as human anatomy and physiology, medical terminology, medical ethics, CPR, and practical skills applicable to all health-related occupations. Job shadow experiences are completed during year one. Year two includes an extended lab experience at a clinical site with the opportunity to earn CNA certification, and Ivy Tech Certificates in CNA and Dementia Care while at WCC. This program prepares students to work in long term care facilities, or to enter a postsecondary program. The Pharmacy Technician certification is also available and completed outside of class time.

YOU WILL LEARN

- Anatomy, physiology, medical terminology, & medical ethics
- Patient care with a focus on nursing
- How to work with other health care professionals
- Overviews of other skilled areas, including physical therapy, respiratory therapy, imaging, & dental assisting

GET YOURSELF READY

To be successful, do well in all academic classes, be on track for graduation, and have a good work ethic. The following courses will be helpful in this career area:

- Preparing for College and Careers
- Digital Applications & Responsibility
 - Nutrition and Wellness
 - Interpersonal Relationships
